Recipe Conversation

Instructions: This is an activity on converting a recipe. Given a certain number of people, rewrite the recipe for the number of servings required.

Raspberry Cream (Basic Recipe)

1 package of raspberry jello	1 cup of boiling water
1 pint of vanilla ice cream	1 – 8 to 10 oz. box of frozen raspberries, thawed

Dissolve the jello in boiling water. Add ice cream and raspberries and stir until the ice cream is melted. Pour into a mold and chill until firm. Remove from mold.

Serves 6.

Rewrite the “Basic Recipe” to serve 18 people.

Rewrite the “Basic Recipe” to serve 12 people.

Cost Analysis:

Jello – 79 cents/pkg

Ice Cream – \$2.25/qt.

Frozen Raspberries – \$2.89 box
